

## NS 213 Basic Concepts of Physics for Engineers and Scientists –

### Grading Policy:

Two midterms, 25% each.

Final: 25%.

Participation: 25%.

(Participation means asking or answering questions. You receive 1 point each time you participate. 15 (or more) points over the semester = 25% of grade. If you have  $x < 15$  points, your participation grade will be  $(25 x/15)$  .

Letter Grades: There will be no curve. Rough guide to letter grades:

A > 90.

90 > A- > 87.

Other grades at intervals of 3.

D-F borderline will be determined according to distribution of grades.
